

In the Matter of
the British Columbia Utilities Commission Public Hearing Regarding
Vancouver Island Energy Corporation

(a wholly-owned subsidiary of British Columbia Hydro and Power Authority)

Certificate of Public Convenience and Necessity Application
for the Vancouver Island Generation Project (Duke Point Project)

Final Argument
David Suzuki Foundation

July 21, 2003

The David Suzuki Foundation endorses the final argument of the GSX Concerned Citizens Coalition (GSX Coalition) and the Nanaimo Organizing Committee (NOC) regarding the Vancouver Island Energy Corporation's application for a Certificate of Public Convenience and Necessity for the Vancouver Island Generation Project.

The issues and matters brought forward by the Coalition and the NOC were developed to such a degree that we believe the concerns of our members and supporters have been fully placed before the Commission for consideration.
